**Discussion:** Lebedinsky gave a brief description of the revisions. Biblehauser also spoke about the curriculum. Laves asked about the delivery method change, requires a teach out. However, there is a lot of flexibility in this program; also concerned about the teach out. Is there 50% of the program taught online. Biblehauser wasn't entirely sure, there are no students that take 5 online classes. None of these are available online. Laves said we'll need to do a teach out plan. Stone asked that all required classes are with an ACCT prefix. Yes, it was explained. Kelley asked, are we leaving the footnote as is; Yes.

**Vote:** Approved 7/7

**Discussion:** Jerome gave a brief description of the revisions. DeYoung, Removed the writing sample from admissions requirements. Does it need to be removed here as well. Jerome thinks yes but will get confirmation from the proponent.

#### Motion to Approve – 1<sup>st</sup>/2<sup>nd</sup>: Stone/Strunk

**Discussion:** Lebedinsky gave a brief description of the revisions. Laves asked, do you plan to offer 100% of this program face-to-face (closing face-to-face); Yes. This requires a teach-out plan. Laves asked about the program length change, if it changed more than 25% and decrease the length of time to complete by term; went from 12 to 18. It seems that it should only take a term to complete. Would like to add a comment... "Committee reviewed the program length change and determined it did not meet SACSCOC requirements." DeYoung asked professional experience is required, do we need to collect a resume. Lebedinsky is not sure.

Friendly Amendment — Would like to add a comment... "Committee reviewed the program length change and determined it did not meet SACSCOC requirements."

**Discussion:** Jerome gave a brief description of the revisions. Price expressed that we are not changing what's in the program and taught. Core is the same, marketing and delivering it differently. Just more applied focused. Stone asked about the RSA classes, were they already in there as electives; Yes. Hammonds, asked about the LEAD courses and those are no longer offered. Jerome, go ahead and remove them because of the implementation dates not lining up. Edits/appeals can be done later.
